## The History of "Ned," our Alien.

On April 17th,1897, local lore tells of a "cigar shaped" spaceship crashing into a windmill belonging to a local Judge, a man by the name of J.S. Proctor. The local towns people report discovering a deceased alien creature in the crash debris. The pilot of this craft was given "proper burial" in the Aurora Cemetery. A Texas Historic Monument briefly describes the event. Learn More >
